

PANAMA – ELAINE WILLIS

jewillis@cwpanama.net

July 2022

Dear Friends,

This is a wonderful time of year and fulfills an old axiom: of a difficult situation, it is often said, “It will be a cold day in July before....!” The changes in our world’s climate has given Panama several “cold days in July”. So strange, temps in the 70’s! Humid 100’s was the norm.

Some of my supporters are still sending support to IBFE in Mesquite, TX. My Agent to receive and send support is now CMC in Houston, TX. If you need more info, send me an e-mail or call my Dallas based MagicJack number that is free for us, if you can call Dallas free of charge. 214-628-6297 and I answer here in Panama. IBFE is returning checks, to everyone’s dismay!

Mothers’ Day and Fathers’ Day were really nice. May is the month that is to honor the generation from 60-up in our church. They did a bang-up job.

We are at mid-term in the Bible institute. Exams are next week. I am enjoying teaching my six courses.

My new mission field is bearing fruit. Taxi drivers! Now that I do not enjoy driving, it has been great to have taxis everywhere and most of the drivers are glad for a grandma that will help them understand and experience salvation. I love to tell the story. Elaine
