Dear Friends and Family,

www.willismissionaries.org

September 20,2022

Back on schedule, almost. My desire is to do a newsletter every 15th of the month. This month has been a busy one. We have three pastors who love doing activities and therefore, as they are coordinating to make it possible to involve three, no, FOUR churches, plus the institute, (I.T.B.CH.) it has been tiring, physically, but wonderful spiritually and socially.

Nathaly Vásquez, youngest daughter, age 20, of two of our graduates from I.T.B.CH. feels called of the Lord to be my caregiver, companion, etc. as I age. She has been living with me for the last six months. Being of an independent nature, it has taken me this long to accept "help". She has been a special blessing."It is good that I have been afflicted....!" Hahaha

She went back to Colon and to the Atlantic Coast of Panama to visit where she grew up and had a beautiful experience in the annual Ladies' conference on the Coast where her parents were missionaries for many (11) years, before continuing in Colon in . Her mother, Anayansi lost her voice and was forced to ask Jeymis and Nathaly to teach for her. I don't know how Jeymis felt, but Nathaly was terrified. She did right. She leaned upon the Lord and He gave her a verse and the valor to teach it for Him. Standing before 145 ladies in an open-air pavilion, she was very nervous, but willing. As soon as she opened the session, all fear went away. She was able to bring forth the message as though she were a seasoned veteran. Tears ran down her mother's face. The ladies were on the edge of their seats listening attentively. Even the cooks (the men of the church) stood around the tabernacle to watch and listen to the little girl they had helped to rear in their midst. She is overwhelmed.

I THOUGHT YOU MIGHT LIKE TO HEAR ABOUT THAT.

. Love and gratitude, Elaine www.willismissionaries.org
